Choosing a destination,
embarking, setting sail
and off to adventure
by dominating your
own destiny ...

Enjoy life,
fast with the wind
behind you

fluctuat nec mergitur

Disappointed, embittered by the
headwind.

Impatient and bored. Or calm and
patient, in full calm.

Establish ship's
position, choose the
route, avoid rocks
and icebergs.

One directs the maneuvers, one
at the helm, one at the sails, one
on lookout, one in kambusa or
sweeping the deck ...

Everyone is indispensable..

Share the goal. Give your best,
together with others, in a storm or
in an emergency.

Wait for the dawn, scan the
horizon. Dreaming of who is waiting
for you at home.

Rejoice when finally from the crow's
nest they shout: "land!!!"
