Adults never understand anything on their own and it is hard for children to continuously explain.

Le Petit Prince (A. de Saint-Exupéry)

...unless you change and become like little children, you will never enter the kingdom of heaven.  
[Mt 18,3]

All adults were first children.  
(But few of them remember it).  
(A. de Saint-Exupéry)

Children must be very indulgent towards adults.  
(A. de Saint-Exupéry)

The simplest joys, are the most beautiful. And they are the most important.  
(S. Francesco)

If you want me as a friend: tame me.

I will be for you unique in the world.

Le Petit Prince (A. de Saint-Exupéry)

but...

... when we have to part, you will weep ...

...please:  
tame me!
